Running a firm today is scattered and costly

As cases, appointments and clients multiply, manual management becomes a burden that threatens the firm's efficiency and reputation.

01

Paper files & scattered sheets

Case data spread across paper and Excel — hard to track.

02

Sessions & dates forgotten

Manual reminders cost the firm cases and reputation when a session is missed.

03

Lost financial collection

Unfollowed invoices and instalments mean revenue that never reaches the firm.

04

No visibility into performance

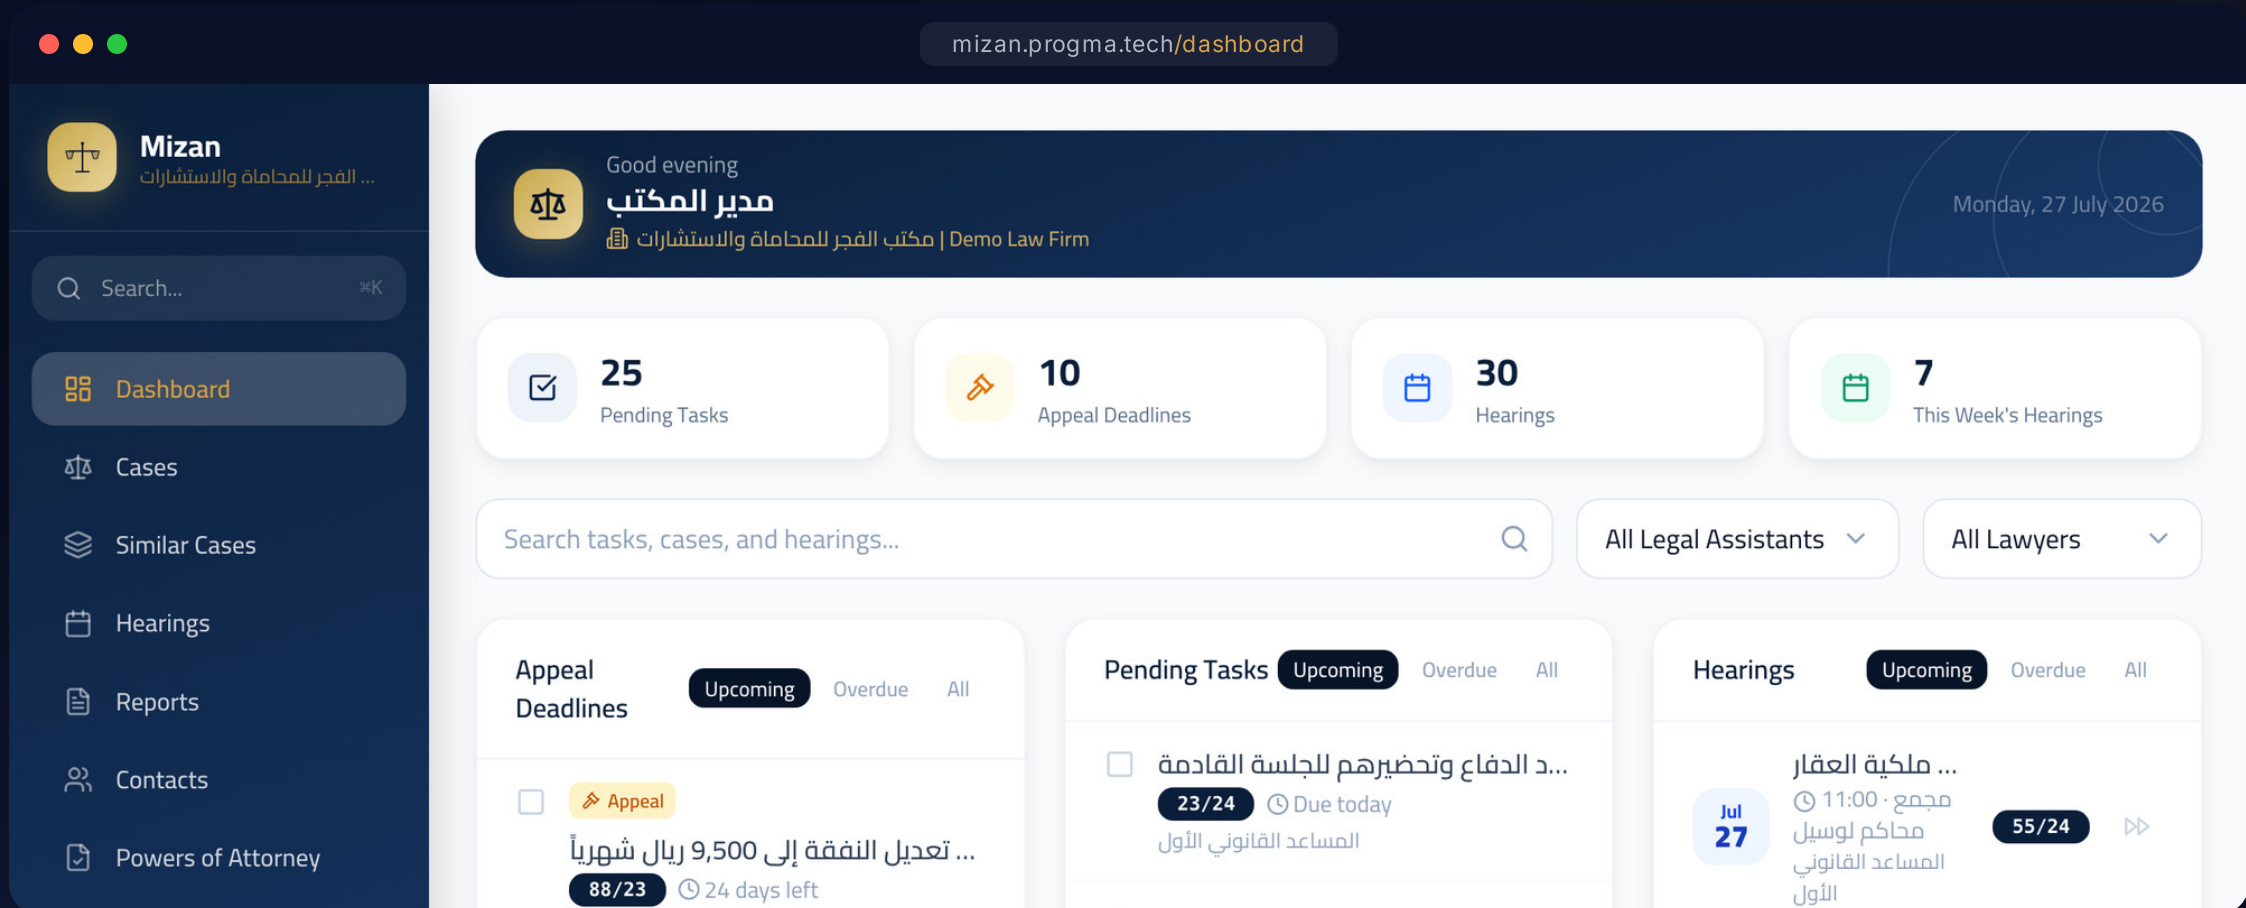

Decisions by guesswork, not numbers, with no view of team performance.

THE SOLUTION

From chaos to complete control

One dashboard that gathers your tasks, sessions and financial and legal alerts the moment you log in.

CASE MANAGEMENT

Case Management

Every firm case in one organized register — from filing to final judgment.

- Instant classification by type, court and circuit.
- Real-time search and advanced filters.
- Status tracking and flagging of key cases.

POLICE REPORTS

Reports & Follow-ups

Track prosecution and police reports step by step through referral and trial.

- Classify reports and link them to prosecution and precinct.
- A clear status for every report.
- A dated log of actions and follow-ups.

COURT SESSIONS

Sessions & Appointments

A full calendar of all firm sessions, their dates and courts.

- Day / week / month views with search.
- Record decisions and the next session date.
- Sync with Google, Outlook and Apple.

The screenshot shows the 'Hearings' section of the Mizan legal practice management software. The interface is in Arabic. The top navigation bar includes the URL 'mizan.progma.tech/sessions' and buttons for 'Calendar Sync', 'Export', and '+ Add Hearing'. The main content area displays a table of court sessions with columns: DATE, CASE, COURT, LOCATION, RESULT, and NOTES. The table lists four sessions, each with a date, case number, court name, location, and notes. The sidebar on the left contains navigation options: Dashboard, Cases, Similar Cases, Hearings (selected), Reports, Contacts, Powers of Attorney, Delegations, Archive, Document Templates, and Legal Library. The bottom of the sidebar shows language options (العربية, English) and a notification bell.
